

Documents:

Before we can proceed, we just need to learn a little more about you and explain the details of the work you will be doing.

This is a time for you to ask questions, and a time to finalize your application. Expect a 15-minute online or in person interview with one of our employment liaisons. We will contact you with the time and place of your interview. Please be prepared to share the following information:

- Name and current physical address
- Document stating your residency status
- Document stating your Right to Work in the country
- Two forms of photo identification
- Social Security Card (You will need this before you begin working)
- Name of all those in your household and your legal relationship to them
- Personal and/or professional references

If you do not have any of these documents, no worries. We can direct you to the agency you will need to contact. This may delay your application until all documents are verified. Once you have been interviewed, we will send you a secure link to a form asking you to fill in all the above information.
